

KDK-Harman Foundation Annual Grantee Appreciation & Collaborative Learning Forum

Thank you for attending our 2011 STEM Forum. As you know this year, our program focus was on building a STEM culture for education in Central Texas. We value your feedback for future program planning and appreciate your time to complete the following post-survey. Thanks in advance for your input!

1. As an overall learning experience, I found the Annual Grantee Appreciation and Learning Forum on STEM to be:

- Very useful
 Useful
 Somewhat useful
 Not useful

2. Please rank the factors below in order of greatest importance in your decision to attend the forum (5 = highest, 1 = lowest)

- ___ Opportunity to network with peers & colleagues across the Central Texas region
 ___ Forum topic
 ___ Forum location
 ___ Speakers
 ___ Commitment to be a speaker or moderator

3. How would you rate the opportunities to interact and network at the Forum?

- Excellent
 Adequate
 Not enough
 None

4. Please rate the presentation on the following learning objectives:

OBJECTIVES	Excellent	Above average	Good	Fair	Poor	N/A
Opening: Setting the Context for STEM in Central Texas						
1) Identification of best practices in STEM, with a focus on underrepresented populations						
2) Understanding the STEM Educator Field						
3) Identification of cutting-edge research and programs in Central Texas with a focus on district-wide STEM initiatives						
4) Discussion of policy landscape for STEM education						

SEE BACKSIDE - 5 REMAINING QUESTIONS!!

5. We are very interested in knowing what you took away from the conference that you think will change or influence your work.

6. Do you have any specific comments you'd like to share that were not addressed in the survey?

7. Your name and organization name (optional):

8. I am a (check ALL that apply):

- Trustee or Board Member of a philanthropic foundation
- Staff Member of a philanthropic foundation
- Grantee partner of KDK-Harman
- Media representative
- Public official or representative

9. We welcome all additional comments and suggestions...

Thanks in advance for your input!
